Chalon Student News

Dear Athenians,

Welcome!

Beginnings are an opportunity to recreate ourselves. We can make new and good choices about the kind of person we want to be and the level of commitment we wish to dedicate to these choices. Let us strive for greatness and kindness and truth. Let us make this beginning the best it can be.

We hope you return refreshed and ready to take on the challenges of the new semester. Please drop by Student Affairs if there is anything we can do to assist you.

Here's to a successful 1999-2000!

Dr. Jane Lingua and the entire Student Affairs staff

NEIGHBOR RELATIONS

For more information, contact Public Relations at ext. 2505.

The Mount has worked very hard in building good relations with our neighbors in the community surrounding the Chalon campus. One of our greatest challenges is the volume of traffic to and from the Chalon Campus. It is imperative that all members of the College community recognize that driving to and from campus takes us through a residential area that is governed by the same laws that apply to all city streets. We should be courteous and safe when we pass through their neighborhood — just as we would expect of persons driving past our own homes.

Approved Route to and from Campus

In accordance with an agreement with the Brentwood Homeowners Association, **vehicles traveling to the Chalon Campus must turn right from Bundy Drive onto Norman Place**, then left on Chalon Road and right into the Mount St. Mary's College driveway. **When exiting the College, all vehicles must turn right on Chalon Road** and left on Bundy Drive. The speed limit is 25 mph on these streets near campus. Compliance is monitored closely and violations may result in citations and/or loss of parking privileges.

Others Coming to Campus

Student organizations should distribute this information whenever they arrange outside transportation (a bus, delivery truck, or an event in which non-MSMC people would drive to campus). Maps of the route to campus are available in the PR Office. **No commercial vehicles are to be scheduled to travel on these streets before 7 AM.** Companies should be asked to put specific instructions on their invoice or assignment, so that the driver will know the correct route.

Following these guidelines will ensure we maintain a good relationship with our Brentwood neighbors.

KABC TALK RADIO

On Tuesday, September 7th, the hosts of the radio talk show **John and Ken** made insulting and inflammatory rhetoric about some of LA's neighborhoods. They called Exposition Park, University Park, Jefferson Park and West Adams "disgusting", "more Hispanic than black", and full of people who are "gang type thugs." They maintained that the Coliseum is "a piece of crap . . . [and] should be turned into a toxic dump."

John Kobylt and Ken Chiampou have consistently demeaned and degraded our neighborhoods and residents. If you have something to say about this, you can make your voice heard by

- Calling the radio station at **1-800-222-KABC**
- Faxing your comments to **1-310-838-KABC** or
- Writing the station itself at **KABC Radio, 3321 La Cienega Blvd., LA 90016**

We should not let such accusations and prejudice continue without a counter action!

At 1:50 PM, in the Brady Lecture Hall, Francisco Goldman will hold a Q & A session, open to all students, faculty and staff. Goldman's books, "The Long Night of White Chickens" and "The Ordinary Seaman", are two wonderful stories set in the Latino worlds of Guatemala and the U.S. "White Chickens" shows the difficult, violent world of adoption and corruption in Guatemala. "Seaman" is about a small group of Central American men trapped in New York, with the promise of becoming sailors on a great ship that is really a piece of junk sitting in the harbor. Both are wonderful, powerful tales that I believe you'll enjoy.

Both of these novels are available in our book store. Please join us for this exciting start to our Writer's Series.

USE OF COLLEGE-WIDE E-MAIL

Recently, there have been several mailings over the GroupWise email system to the entire college community originating from students. **Mount St. Mary's College does not condone the distribution of email SPAM or other unauthorized mass mailings.** Mass mailings can tie up the network and even overload our email server. Also, SPAM email has the potential to carry destructive viruses which can erase hard drives and cause chaos in a computer system. Finally, college personnel and students rely on email to keep in contact with college departments and class information, and unnecessary and miscellaneous email is an annoyance and waste of time for students and employees alike.

Before students send an email to a GroupWise Distribution List (eg. College Business or Student List), they must first receive written approval and authorization for each individual mailing from an appropriate Mount faculty or staff member. This includes — but is not limited to — **college-wide events, news from the Internet, political activities, or other general information.** Mount St. Mary's College is serious about protecting the privacy, safety, and business of our network system as well as that of MSMC students & personnel. Violations will be dealt with by the Vice President of Student Affairs. If you have any questions about this information, call the Office of Student Affairs, ext. 4130.

VISITORS & GUESTS TO CAMPUS

Visitors and guests of MSMC students are welcome on campus, but **REMEMBER: Visitors are expected to abide by all college policies. Students can be held accountable for the actions of their guests.** (See: the MSMC 1999-2000 Chalon Campus Student Handbook, Page 26.)

Please remind your visitors to drive safely and quietly through the residential neighborhoods, observe the parking regulations, and be familiar with expectations of guests while on our campus. Our goal is to provide a safe and courteous environment for everyone.

ADVISEMENT SURVEY

The Advisement Center needs your input! Each year we ask students to evaluate their advisor and advising experience. Your opinions and experiences are really important to us, so please complete a survey for each of your advisors. There are 3 ways to get the survey:

1. Pick up a paper copy of the survey outside the Registrar's Office the week of November 15 – 22. There will be a drop box for completed forms.
2. Look for an e-mail from Institutional Research on Monday November 15 — it will have a direct link to the on-line version of the survey.
3. Go to the following URL: www.msmc.la.edu/Administration/InstitutionalRes/Survey_forms/advisement.htm

In order for us to use the information we gather it is very important that you only complete one (1) survey. If you submit your responses on-line then you don't need to fill out a paper survey.

Responses will be used in the selection of the *Outstanding Advisor of the Year*.

Donations & contributions would be most welcome through Monday, November 22nd. Donations of non-perishable foods or frozen turkeys may be made and we will also gladly accept financial contributions, which we will use to purchase whatever food items are still needed.

PARTICIPATE IN THE PRESIDENTIAL SEARCH!

Dear Mount Community:

Over the next two weeks we will all be spending time with the candidates for the next President of Mount St. Mary's College. We would like to share some background with you prior to these meeting opportunities.

- ☆ First, the committee received 35 nominations and 29 applications. A high percentage of them were well qualified and certainly a credit to the college's image in the academic community.
- ☆ Second, even though this was an open search, the committee and the Mount's many friends and supporters worked aggressively to encourage the application of women religious.
- ☆ Third, you should be aware that our process was never one of ranking (first, second, etc.) but consisted of a thorough and deliberate process of advancing those candidates that the committee saw would best respond to the mission of the College and possessed the vision and strength of qualities to lead Mount St. Mary's College into the Twenty-first Century.

We are pleased to have three outstanding candidates that will be visiting Mount St. Mary's as part of our final selection. We hope everyone will take advantage of the designated opportunities to meet each of the candidates. There are specific times for Students, Alumnae, Trustees, Provincial Council, Faculty and Staff of the Mount to visit each of the candidates at each campus. If you have a conflict with a designated time, the Presidential Search Committee will assist you in arranging an alternative. We urge you see each candidate and submit an evaluation on all three so that your input will be complete and fair. **Your feedback concerning the candidate is important to the Search Committee and the College.** Copies of the evaluation form will be provided at each meeting.

Please return all evaluation forms to Chalon Box 64, no later than 12 Noon, Friday, December 17th. Thank you in advance for assisting in the selection of the best candidate to lead the future of Mount St. Mary's College.

11th PRESIDENT OF MSMC

On behalf of the Board of Trustees, I am pleased to announce the appointment of **Dr. Jacqueline Powers Doud** as the **eleventh president of Mount St. Mary's College**. She will begin her duties **effective July 1, 2000**. As the Mount's provost and academic vice president, she has distinguished herself as an exceptional leader and educator who was clearly the most qualified candidate to serve as our next president.

I wish to express our deep appreciation to all members of the search committee, who spent countless hours soliciting nominations and applications, interviewing and evaluating the candidates, and ensuring that the most capable person was identified and selected. Appreciation is also extended to those students, faculty, and staff who attended the meetings with the final three candidates and provided their evaluations.

HELP FIGHT BREAST CANCER

You can help raise \$16 million . . . *buy a book of stamps!*

As you may be aware, the US Postal Service recently released its new "Fund the Cure" stamp to help fund breast cancer research. The stamp was designed by Ethel Kessler of Bethesda, Maryland. It is important that we take a stand against this disease that kills and maims so many of our mothers, sisters, friends.

Instead of the normal \$.33 for a stamp, this one costs \$.40. The additional \$.07 will go to breast cancer research. A book of stamps will cost \$8.00. It takes a few minutes in line at the Post Office and means so much. If all stamps are sold, it will raise an additional \$16,000,000 for this vital research.

Just as important as the money is our support. What a statement it would make if the stamp out sold the lottery this week. What a statement it would make that we care.

KNOW HOW TO BOIL WATER?

The next time you heat water in a microwave for hot chocolate or tea . . . ***remember this!***

You can take a cup of water out of the microwave after heating it up and it will not appear to be hot or boiling. However, the instant you agitate the water **it can literally "blow up" in your face**. Hospitals have reported instances of people being treated for first and second degree burns as a result of heating water in the microwave. You can **protect yourself** by placing a wooden spoon or teabag into the water. A microwave-safe object (such as a spoon or teabag) introduces a rough surface to the heating water and prevents superheating.

The way it works: Microwave ovens heat food and liquids by causing the water molecules to vibrate violently using high frequency electromagnetic radiation. Hot water needs a rough surface to assist in converting heat. If there is a very smooth surface (such as glass or certain ceramics), the water does not have this rough surface, and as a result the water ***superheats*** (i. e., gets hotter than 212 degrees, but doesn't boil). It will stay in this phase as long as one does not disturb the superheated liquid. *Please keep this in mind the next time you heat water.*

MOUNT STUDENTS PUBLISH A PAPER!

A manuscript titled "**DNA-Protein Crosslinking from Oxidation of Guanine via the Flash-Quench Technique**" was just accepted for publication in the Journal of the American Chemical Society. This article has *six Mount students as authors*: **Kim Nguyen** (Biochem '01), **Mary Steryo** (Bio '00), **Kristina Kurbanyan** ('02), **Kristina Nowitzki** (Biochem '00), **Sara Butterfield** (Chem '99) and **Suzie Ward** (Bio '00). "I am thrilled that our first paper is being published in such an excellent journal," said Dr. Eric Stemp. "I couldn't be prouder of my lab students; they've worked incredibly hard to get these results and their dedication has really paid off."

We are studying the effects of oxidative damage to DNA, which is thought to be a cause of molecular diseases such as cancer. Many people include antioxidants like vitamin C and vitamin E in their diets to counteract the free radicals that cause oxidative damage. We use blue light to generate radicals on DNA, which can react with nearby proteins to form bonds ("crosslinks") between DNA and protein. These crosslinks are thought to be formed in the early stages of cancer, and our goal is to understand crosslinking at the molecular level. ***Congratulations to these hard-working students and their successful publication!***

CAMPUS MINISTRY

(Humanities 1st Floor, ext. 4125)

Looking forward to **Mardi Gras**? This year, Mardi Gras is on **Tuesday, March 7th**, and **Ash Wednesday** begins **Lent** on **March 8th**.

"Mardi Gras" is French for "**Fat Tuesday**". It is the day before the forty-day fasting season of Lent begins, and so, in the Catholic world, it came to be a time of great festivity and "letting loose" with costumes, dance, wild good times and indulgence in high-calorie delicious foods! You have probably heard of the all-out Mardi Gras celebrations in New Orleans and Rio de Janeiro; these were started as the last chance to party before Lent. Lent, the forty-day season during which we prepare for Easter, comes from the old English term for springtime – "lengthening" days. Lent was a time for fasting not only from meat but from eggs, butter, sweets and cheese, so Mardi Gras became a time to thoroughly enjoy these treats one last time before the Easter celebrations began.

Join in the fun of celebrating Mardi Gras by participating in the following activities, sponsored by **Campus Ministry, AACW, and Student Activities**:

- ⇒ Everyone is invited to wear **Mardi Gras Attire**, such as wild costumes, or **purple, green, and gold clothing**. Watch out for **prizes** during the day.
- ⇒ During dinner, there will be **Mardi Gras entertainment and food** in the Student Dining Hall.

Dear God, let me make someone glad today, someone who cannot return the favor. Amen

DEAD MAN WALKING

Monday, March 27	8:00 PM	Campus Center
Wednesday, March 29	11:00 AM	Lecture Hall
Thursday, April 6	2:00 PM	Little Theater

Inspired by the true story of a nun's relationship with a condemned man, this examination of crime, punishment and redemption earned Susan Sarandon the '95 Oscar for Best Actress and Sean Penn an Oscar nomination for Best Actor. *Dead man Walking* is "fast moving and absorbing" with "genuine suspense".

Sister Helen Prejean, a compassionate New Orleans nun, agrees to become the spiritual advisor to Matthew Poncelet, a vicious, angry and complex murderer awaiting execution. Believing "every person deserves respect," Sister Helen is determined to help Matthew find salvation. As she attempts to navigate Matthew's dark soul, she encounters a depth of evil that makes her question how far redemption can really go. Can she stave off the fateful day of execution long enough to save Matthew's soul, or will she discover a truth that will rock the very foundation by which she lives her life?

Sr. Helen will be speaking at the Youth Summit on Peace on Saturday, April 8th.

EASTER IS COMING!

The TRIDUUM (Latin for "Three Days") begins on Holy Thursday night and continues through Good Friday and Holy Saturday until sundown on Easter. These are our high holy days, the most important days of the church year. Plan ahead to free yourself until midnight on Holy Saturday from all but the most essential work, from noise, entertainment and all normal distractions.

The **GOOD FRIDAY LITURGY OF THE LORD'S PASSION** is celebrated only once in each parish, anytime from Noon to 3 PM. Holy Saturday's Great Easter Vigil is celebrated after darkness falls, beginning with the lighting of the Paschal Candle from a bonfire, and including baptisms of new Christians.

Whether you are a regular churchgoer or not, **all of us are needed to celebrate the great Christian feast.** All of us need to be in our faith communities for these greatest of days. Please check your parish calendar and make plans to go to these liturgies — especially on Saturday night for the Vigil.

Are you planning to take courses over the summer ?

HAPPY BIRTHDAY, MARY CHAPEL

On a May afternoon in 1940, five hundred priests, sisters and students gathered on the Chalon campus to dedicate the cornerstone for the new \$80,000 chapel of Mount St. Mary's College. In the cornerstone, marked by a marble inset of a cross blessed by the late Pope Pius XI, were placed medals, church documents and other articles.

In a solemn High Mass, Reverend Edward Whelan, SJ, preached, "In this building, the crowning spot of this college, day by day the devotee shall find communion with the Savior."

With a seating capacity of 500, the Spanish Gothic structure was designed to harmonize with other campus buildings. Celebrating its **60th Anniversary in May 2000**, Mary Chapel continues to grace the grounds with its heavenly beauty.

This is an excerpt/summary from the *Letter to The Mount St. Mary's College Community (5/3/00)* from Sister Karen, who retires as MSMC President in June 2000.

Many of you have asked about what plans I may have for the future. It gives me great pleasure to share with you the news that I will be returning to my home province of St. Paul (my heart is in Minnesota!). I am looking forward to resuming those contacts with family, friends, and community that have had to be maintained by long distance and to revisiting some of those 17,000 fresh water MN lakes.

First, I will go to the University of Bethlehem in late August (a dream of a lifetime!). UB's mission is to afford Palestinian youth an opportunity for higher education. The great majority of the students are Muslim; Arabic is the language of instruction. This limits my ability to contribute, but arrangements have been made for me to teach one course in English during Fall.

Another dream has been to visit my ancestral homelands. In mid-January, I will reside at and advise the Marino Educational Institute in Dublin and travel throughout Ireland and Scandinavia in my spare time. I will assist the MEI in implementing a strategic plan to make the college a "first choice" for Irish youth.

April will find me back in Minnesota, refreshed and ready to consider interim positions. I will continue to indulge my research interests in history, and will retain for now the role of coordinator for the Network on the History of Women Religious and editorship of the Network newsletter.

I want to express my deep gratitude to you for your friendship and support during my eleven years at Mount St. Mary's. Let us keep in touch and hold one another close in thought and prayer.

— Sr. Karen
